

ELAC VELA BS 404

ELAC The life of sound.

ELAC VELA BS 404

Exciting, progressive and elegant
– the ELAC VELA series.

JET5 tweeter

As always within the VELA line the JET5 tweeter completes the driver setup with its ease in performing and the capability to present superior air-band.

Modern Hybrid Design

VELA BS 404 features a 2-way concept in a vented cabinet with a 180 mm AS-XR woofer and a JET5 tweeter and downfiring.

AS-XR technology

The woofer is equipped with powerful magnet system. This allows breathtaking performance in the low frequency range while the integrated AS-XR technology ensures highest accuracy in mid frequency range reproduction.

A complex design: high-class lacquered and wooden veneered cabinets, which have a trapezoid shape and are angled rearward, combined with aluminum.

The new VELA BS 404 is a full-size bookshelf speaker featuring all the great technologies and beloved design elements of the highly successful VELA series.

The design catches eyes but conduces acoustics, too. But the advantages are distinct. The angling of the cabinet in combination with the new waveguide of the JET tweeter improves the definition of stereo and multichannel audio in modern furnishing. But there are more than the obvious changes. For example the optimized drivers are able to reproduce high-energy transients more precisely.

VELA BS 404 complements the existing lineup by adding a bigger brother to the more compact VELA BS 403.

VELA BS 404

VELA BS 404 SPECIFICATIONS

Height x Width x Depth	412 x 276 x 332 mm
Weight	9.7 kg
Type	2-way, bass-reflex
Woofer	180 mm Ø, AS-XR
Tweeter	JET 5
Crossover frequency	2400 Hz
Frequency range (IEC 268-5)	38 – 50.000 Hz
Sensitivity	87 dB at 2.83 V/m
Suitable for amplifiers from ... to ..	4 – 8 Ω
Recommended amplifier power	40 – 200 W/channel
Nominal Peak power handling	80 120 W
Nominal Minimum impedance	4 Ω 3.2 Ω at 240 Hz
Finishes	Walnut High Gloss White High Gloss Black High Gloss
Accessories included	Bi-wiring set
